

## Buy a Microbe Proof Refrigerator.

Old refrigerators give lodgment to germs. So also do refrigerators that are damp. The

## Leonard Cleanable Refrigerator

is built on the latest and most scientific principle. A microbe simply can't live in it.

It will stand the "match test" for dampness—the simplest and surest test you can give for the greatest defect a refrigerator can have. Leave a match in it all night and it will strike as good as ever in the morning.

The Leonard is made to be taken apart and cleaned.

### NO END TO LANAI LAND LITIGATION.

There is a strong likelihood that the Lanai land deal will be hung up for a year or more, if the Circuit Court should dissolve the injunction recently secured by Senator McCandless, stopping the exchange. McCandless proposes if necessary to carry the case to the Supreme Court of the United States and has so directed his attorney.

In event of such action being taken a year or more will elapse before there will be any chance of the deal being consummated even if the Supreme Court should sustain the governor. Attorney General Peters will be ready by next week at the latest to go into the circuit court and try to have the injunction dissolved. If the motion be granted, then McCandless will have the case taken to the Supreme Court of the territory. In event of an adverse opinion there, he will then proceed with the Washington appeal. There is more than \$5,000 involved in the land deal so no question of the right to carry the case to the highest tribunal could be raised. Litigation in the Supreme Court of the United States is costly and slow. It is believed that a year or so will elapse before any settlement of the case can be accomplished.

### Knights of Pythias Elect Officers.

The Knights of Pythias of Aloha Lodge No. 3, of Wailuku Maui held their last meeting for the year last Saturday evening and elected their officers for the ensuing year.
